 − Acquired hands-on experience in creating and maintaining websites, which has significantly strengthened my technical skills. Enhanced proficiency in HTML, CSS, and JavaScript through practical application in various projects.

PERSONAL PROJECTS

• **T20 world cup cricket data analytics [Python | Web scrapping | Pandas | Power BI]**
Cricket Analysis
 − Created a Power BI report to identify top 11 players for a T20 cricket team by scraping data from espncricinfo with a Brightdata website tool, cleaning and transforming the data with pandas, and evaluating various player performance metrics.
 − Used the resulting Power BI dashboard to select players for various categories (openers, middle order/anchors, finishers, all-rounders, specialist fast bowlers) and ultimately choose the top 11 players to play in the match.
 − Selected team using the Power BI dashboard has 90% of chances to win the game.

• **Low Code Development Using MENDIX Platform**
Cross-platform applications using Mendix
 − Developed Mobile, Desktop, and Tablet applications using Mendix's drag-and-drop, model-driven approach, enabling rapid creation of complex apps with minimal coding. Implemented real-time data syncing and user-friendly interfaces for seamless cross-device performance
